Gîte "L'étape de Jo"

In southern Burgundy, surrounded by the Brionnais bocage, in the centre of the charming village of Marcigny, this small detached town house of 50 m² on 3 levels awaits you for a relaxing stay for 2 or even 5 people, with all the necessary comforts, and close to the shops and sporting and cultural activities. At the back of the house, in an enclosed outbuilding: 4 bicycles + 2 helmets are at your disposal. You can also enjoy the outdoors on a small flower-filled terrace, also equipped with the necessary furniture. If you bring your own bikes, they can also be stored in the shelter, and if they are electric they can be recharged from a power socket. Access to the 4G network and internet via your smartphone. At no extra cost, if you wish and on request: sheets, household linen, 2 bicycles for 8/10 year olds and childcare equipment can be provided, as well as the possibility of picking you up by car from the TER/TGV bus stop in Marcigny to the accommodation and bringing you back at the end of your stay. Key safe, last-minute requests studied.
