Self-catering cottages

Gîte "Le petit Arcel"

Take a break and relax in this peaceful cottage. Quiet but not isolated, the gîte is located between the Loire and its canal. Completely refurbished, this accommodation provides all the comforts you need: a fully equipped kitchen, a living room with TV, 1 spacious bedroom and a shower room. Outside there is an 8 x 4 m above-ground swimming pool, a large children's play area, a table tennis table and a basketball hoop. These areas are shared by the owners and the other gîte. You can hire sheets and household linen.
From the farm you have direct access to a number of walking, cycling and horse-riding routes. For anglers, the Loire and its canal are only a few hundred metres away. For cyclists, there are over 1,000km of routes designed especially for you! From leisurely family rides on the Voie-Verte to trails for mountain bikers, there's something for everyone.
Bikes of all sizes are available, as are storage facilities for your bikes and fishing rods. Just a few kilometres away, you'll find magnificent listed villages such as Marcigny (7km), Charlieu (22km) and Paray le Monial (27km). A rich heritage of churches, museums, architecture and art awaits you. You'll also find markets of exceptional quality, mainly local (Monday mornings for Marcigny and Saturday mornings for Charlieu).
