### Les Pots éthiques

Terre Amoureuse, a place for agro-tourism and social activities, a place of production. Our Ethical Jars are mainly fruit blends and dried fruit leathers, packed in reusable vacuum-packed glass jars. Our fruit is hand-picked in the Brionnais bocage. We plant and maintain open-air meadow orchards, in cooperation with our sheep and cows, the flora and fauna and under the influence of the climate.

As farmers, hospitable people and planners, we undertake ecological projects with and for people, aiming for a circular economy that is more social and based on solidarity. Enjoy our fruit on its own or with chocolate, tea, cheese or wine. To give as gifts!

Ingredients harvested in 2023 and sold in 2024: Mixture of apple, plum, cherry, morello cherry, grape.

Adresse : Les Pots éthiques, 671 route de la Bourbe, 71340 MAILLY
