Follow the River Loire

Road tour "Les belles demeures du Brionnais"

This loop is for those who like to take their time, particularly suitable for two-wheelers and vintage cars. Bend after bend, the landscape changes: hedged farmland, rivers, vineyards, river, castles, canal, villages with character...
We propose a circuit on the road of the beautiful residences, to be done on a complete day in order to benefit from the various stops. But you can of course modify it according to your desires!
